

We make hiring simple.

Finding the right talent for your team isn't complicated when you have the right partner in your corner. We'll connect you with exceptional candidates to help bring your creative visions to life.

What We Do

Creative Circle is an award-winning recruiting and consulting company representing digital, creative, and marketing professionals. We've been in the hiring business for 20 years, and we've vetted more than a million candidates along the way. We hand-select only the very best to join our talent network.

Our Offerings

We take pride in providing flexible talent solutions to meet our clients' specific needs.

Freelance placements, including:

- Specialized talent for project support
- Short-term coverage for vacations or leaves
- Contract support during hiring freezes

Permanent placements, including:

- Full-time candidates across dozens of job categories
- Temp-to-perm/freelance-to-full-time option

Full team builds, tackling:

- In-house studio development
- Intranet or eLearning program builds
- App creation
- Website refreshes
- Large-scale content development (digital, video, audio, print)
- Customer experience overhauls

Pricing structure

Rates vary, depending on the individual candidate's skill set and scope of the project. Generally speaking:

- For freelancers and team builds, you'll pay Creative Circle an hourly rate, invoiced weekly. We'll pay the freelancers on our payroll, including benefits.
- For full-time hires, you'll pay Creative Circle a percentage of your employee's first-year salary. If for any reason the candidate doesn't work out in the first 90 days, we will replace them at no additional cost.

We are 100% contingency based. There is NO RISK and no fee until we do our job in matching you with the best qualified candidate for your need.

Ready to get started? Begin your commitment-free search.

Who's in our circle?

We partner with our clients to leverage our exceptional network of marketing and creative talent.
